Discussions/Decisions/Actions

Entered the property at Skyline Drive at the bottom of the driveway:

- Riprap from the road to the drain/stream.
- Everything in the Upland Review Area (URA).
- Shed was approved by the WEO.
- Riprap directs road runoff/nonpoint source to the stream.
- Brook shown on the Latimer Brook watershed.
- Cleared brush and trees (saplings).
- Rusty-colored water flowing off driveway/lawn into pipe.
- Erosion obvious from the road. Burning of brush evident; permit was obtained.
- Piles of rock/till.
- Skunk cabbage surrounds both sides of the stream.
- Wood chips within twenty (20) feet or less from the stream.
- Brush pile from clearing up top by the house and by the road.
- Concrete berm was put in when replacing the driveway.
- Driveway 20 to 30 feet; put in concrete (10 ft.) and remaining 1.5 inch stone.
- Applicant to submit a plan of what else he is planning to do at the site.

M/S/C (Snyder/Khan-Bureau) to adjourn the meeting at 6:10 pm. Vote: approved unanimously.
